### **ABSTRACT:**

The paper studies the idea of revitalization both in India and different cities of the world. Various cities have been selected as per the idea of revitalization scheme applied there. Simultaneously various policy level interventions by Indian government have also been highlighted in the study. The method of comparison is applied here to churn out the difference between the two contexts. The study briefly infers from the case studies with broad categorisation and figure out the key issues. Finally, the paper also figures out the salient features of Indian revitalization concept and makes the point from the case studies all around the world which can be applied in Indian context.

**Keywords:** Revitalization, development, urban sprawl, city economy, policy
