ABSTRACT:

Transferring cultural background and stories from the past to destiny generations is an inseparable element of our present-day social responsibilities, as nicely as being considered necessary for social progress. Many ancient homes and areas are often left in disrepair and spoil due to overlooking, irresponsible use, insufficient upkeep rules, or their lack of ability to satisfy gift-day desires and needs. Leaving such historic buildings in a state of forget about gravely endangers cultural sustainability. ensuring the continuity of cultural assets via reuse not most effective guarantees the upkeep of records, but additionally lets in history to end up something that is visible, concrete, learnable, and thrilling for the public. The reuse of examples of domestic architecture that had been evaluated within the context of the gift examine validated that reuse contributed appreciably to social and cultural sustainability.
