Understanding Osteoarthritis for Homoeopathic Management

Dr. Jaideep Desai

M.D. (Hom.), Professor & Head of Surgery, Yenepoya Homoeopathic Medical College & Hospital, Mangalore. Karnataka

ABSTRACT:

Osteoarthritis is a degenerative disease of synovial joints characterized by focal loss of articular hyaline cartilage with the proliferation of new bone & remodelling of joint contour.

Articular cartilage involves more than bone, and inflammation is secondary to the disease, not the cause.

Keywords: Osteoarthritis, Homoeopathic Medicines and Management.
