Case Of Cervical Spondylosis and Ringworm Infection Treated Homoeopathically

Dr Abhisha Sawant

MD (Hom Medicine), Gold medallist, Consultant Homoeopath

Email Id: serviceheb@gmail.com

ABSTRACT:

It is a case of 25 yrs female, who is the resident of Chandrapur a district of Maharashtra.

CHIEF COMPLAINTS

- Severe Ringworm infection on gluteal region, abdomen, genitals & axilla for 6-7 months.
- C/O cervical spondylosis since last 7-8 years.
- Severe stiffness of neck & pain in the neck
- Pain is more sitting for long time, reading, writing etc & it is better by lying down and warmth application.
- Obstruction in urination – urine comes drop by drop (sometimes) .
- Pain in lumbar region (L3-L4) – result of spinal anaesthesia during LSCS.

•SENSATION – THROBBING
