ABSTRACT:

Homeopathy is gaining popularity and is a viable option for improving overall health, including for human, plants & animal according to current status. It is also being promoted & integrated into the health care system. Homeopathy based on individualization. Best prescription in homoeopathy is possible by comparative analysis of different remedies & also by cases because most of remedies have nature of overlapping to each other. Exploring & comparative study of remedies helps for precise the prescription for improving the quality of life. Now days patient centered treatments are compulsory. Natrum Muriaticum & Pulsatilla are both remedies having most of similar emotional expressions superficially, those are very confusing & both are best suitable for women but on deep level basic differences are there. Yet their core character, personalities & traits are different. To understand this individualization comparison is the most important tool.

Keywords: Comparative study, Natrum Muriaticum, Pulsatilla Nigricans, dynamic reaction, individualization.
