ABSTRACT:

Identity is an individual’s sense of self, derived from one’s memories, values, beliefs, and expectations. It is the basis of individuality and hence, a very essential role to play in selection of homoeopathic similimum. It is the first thing to be formed during cell differentiation. This article is an attempt to explain the relevance of concept of identity and identity confusion in homoeopathy and how to approach such cases.

KEYWORDS-Identity conflict, Homoeopathy, Psychology, Identity confusion
