ABSTRACT

Kakachandiswara kalpatantra is an ayurvedic treatise, authored by Nagarjuna, is a useful compilation related to preparation and properties of drugs of *Vanaushadhis*. This text throws light on the state of Indian medicinal plants into therapeutically suitable forms and treatment of numerous diseases by using herbo-mineral preparations. The present work is an attempt to summarize the key features of *Kakachandiswara kalpatantra* to highlight its utility and contribution in the field of Ayurveda. A critical review of *Kakachandiswara kalpatantra* from the Hindi commentary by Pandit Harihar Prasad Tripathi was done. Research of modern science was also utilized to explore some facts mentioned by Nagarjuna. It contains 52 chapters on a particular *Kalpa* of 51 drugs and it associates other drugs.

Keywords: *Kakachandiswara kalpatantra*, Nagarjuna, Ayurveda
